## SUMMARY

- Experienced in web application development using **React**, **JavaScript**, **Spring**, **PostgreSQL** and **Python**.
- Good knowledge of Object-Oriented Language like **Java** and Databases like **MySQL** and **MongoDB**.

## EDUCATION

### AS Computer Science

City College of San Francisco, SF

May 2021

## TECHNICAL SKILLS

Languages	Java, JavaScript, Python, Swift, C++
Web Technologies	SASS, CSS3, JSON, XML, HTML5, Bootstrap
Frameworks	React, Node.js, Express.js, Mongoose, tensorflow.js
Platforms & Tools	Linux, Windows, OSX, Ubuntu, Kali, Git, Visual Studio, Sublime, Apache Maven, IntelliJ, Apache Ant
Database	MySQL, MongoDB, PostgreSQL
Cloud Hosting Services	AWS EC2, Heroku
Methodologies	Agile, Object Oriented Design

## ACADEMIC PROJECTS

- **E-commerce Website** Apr 2021 – May 2021
  - Designed **ReactJS** website with **HTML5**, **CSS3** and **JavaScript**.
  - Built backend using **Commerce.js API** for adding products to the website.
  - To create a payment page used **Stripe** gateway.
- **Covid-19 Tracking** Jan 2021 - Apr 2021
  - Designed frontend by using **Bootstrap 5.0.1** and **hosted on Heroku Cloud**.
  - A dashboard displaying stats of covid-19 cases worldwide by using **Node.js** and Embedded JavaScript Templating (EJS) and **Express.js** framework.
  - Used **NovelCovid API** open-source collaboration to return the current information about COVID-19 outbreak.
- **AI Gesture Recognition** Sep 2020 - Dec 2020
  - This Project uses **Machine Learning** technique that detects different points on hand.
  - To load hand pose and make detection from stream, it is used **JavaScript** library **Tensorflow.js** for Machine Learning.
  - **Heroku** used for cloud hosting service.
- **Student Registration** Sep 2020 - Dec 2020
  - Used **Java Database Connectivity** to manage connection, issued queries and commands and handling result sets obtained from database using **MySQL Database**.

## ACHIEVEMENTS

- Algorithm Design Certificate: Stanford University
- Web Development Bootcamp Udemy
- Full-Stack Developer Path CodeAcademy

## Soft Skills

- Trilingual Communicator (English, Russian, Turkish)
